

AgrEcoMed

FOSTERING AGROECOLOGICAL TRANSITION

“New AGRoecological approach for soil fertility and biodiversity restoration to improve ECONomic and social resilience of MEDiterranean farming systems”

Contact datasets

WP5 – Strengthening the knowledge system and the cooperation between farmers

Due date of deliverable: M6

Actual submission date: 02^d December 2022

AgrEcoMed has received funding from the European Union's Horizon 2020 research and innovation programme under Grant Agreement No. PRIMA21_00018.

Document information

Project acronym: **AgrEcoMed**

Project title: **New AGROecological approach for soil fertility and biodiversity restoration to improve ECONOMIC and social resilience of MEDiterranean farming systems**

Project ID: 1712

Grant Agreement: PRIMA21_00018

Start date of the project: 23/05/2022

Project duration: 36 months

Funding source: Partnership for Research and Innovation in the Mediterranean Area (PRIMA)

Call: Multi-topics 2021

Thematic Area: 2-Farming systems

Type of action: Research and Innovation Action (RIA)

Funding cycle: 2021

Project main website: <https://agrecomed.crea.gov.it/>

PRIMA website: <https://mel.cgiar.org/projects/1712>

Lead Organisation: University of Basilicata (UNIBAS)

Deliverable number	5.1
Deliverable title	Contact datasets
Work package title	WP5 - Strengthening the knowledge system and the cooperation between farmers
Lead WP/Deliverable beneficiary:	CREA
Author/s	Maria Assunta D'Oronzio
Contributors	Domenica Ricciardi
Due date of deliverable	02/12/2022
Actual submission date	02/12/2022
Status	F: Final; D: draft; RD: revised draft
Contact	Massunta.doronzio@crea.gov.it

Type of Deliverable	R→ Document, report (excluding the periodic and final reports)	<input type="checkbox"/>
	DEM → Demonstrator, pilot, prototype, plan designs;	<input type="checkbox"/>
	DEC→Websites, patents filing, press & media actions, videos, etc;	<input checked="" type="checkbox"/>
	OTHER → Software, technical diagram, etc.	<input type="checkbox"/>

Dissemination Level	PU: Public, fully open	<input type="checkbox"/>
	CO: Confidential, restricted under conditions set out in Model Grant Agreement;	<input checked="" type="checkbox"/>
	CL: Classified, information as referred to in Commission Decision 2001/844/EC	<input type="checkbox"/>

Executive summary

This document is a list of the main project contacts which is part of Work Package 6 (WP6) "Dissemination of results" within the AgrEcoMed project.

Keywords: PRIMA, AgrEcoMed, Contact databases, dissemination

1. Introduction

AgrEcoMed is a 36-month Research and Innovation Action (RIA) project under Grant Agreement No PRIMA21_00018 aiming to fill the research gaps for implementing a biodiversity-based strategy for primary crops as cereal farming systems through an Agroecological approach adapted to environments in Mediterranean countries, efficient use of natural resources, reduction of pollution, circular economy. The effective start of the project is 23/05/2022 and the project ends 36 months later, on 31/05/2025. The AgrEcoMed consortium consists of 8 partners from 4 countries (including two EU and non-EU countries). The project is coordinated by the University of Basilicata (UNIBAS, Italy). The project has an overall budget of 1,308,051.15 €. The budget detailed per beneficiary and the corresponding EU contribution of each beneficiary is detailed in Annex 2 to the Grant Agreement – Estimated budget of the action. The contact database is divided into public administrations, NGOs, and farms. It builds a database of contacts which will be used to involve them in different activities of the project. These databases will be used for keeping all of them updated on the project progresses and will be segmented facilitating the tailoring and dissemination of messages to each target group.
